

ADOPT - A - PRECINCT

Kids Voting Southeast Pennsylvania is a non-profit, non-partisan education program designed to increase voter participation and teach kids how to vote. Through a curriculum in the schools, Kids Voting explains the election process and gives children an opportunity to cast their own ballots alongside adults. This November, over 100,000 Bucks and Montgomery County students will vote for the candidates of their choice. Kids Voting relies on volunteers to make it all happen and we hope we can count on you!

*We would like your organization to “Adopt-A-Precinct”
On Tuesday November 6, 2012*

Adopting a precinct means providing volunteers from your organization to work shifts of approximately **1 ½ - 2 hours** between 3 P.M.– 8 P.M.

AND... have someone attend a one-hour Precinct Captain training in late September or October.

We need volunteers for several Kids Voting precincts. Precincts will be adopted on a first come first served basis, so if your organization has a favorite polling place; send this form back by (INSERT DATE)

We hope your organization will consider adopting a precinct or two. This volunteer opportunity is completed in one day, but will make a difference in our community for generations to come and will make your organization’s members feel good about helping children and our nation’s democracy.

Organization: _____

Contact Person: _____

Address: _____

Phone: _____

Email: _____

YES! We would like to help Kids Voting Southeast Pennsylvania!!

We would like to adopt _____ precinct(s)
Location(s): _____
